All of our schools saw a big improvement this year with our CCRPI scores. These scores are from 2022-2023 school year. Way to go Staff. You are doing a great job moving our students in the right direction.

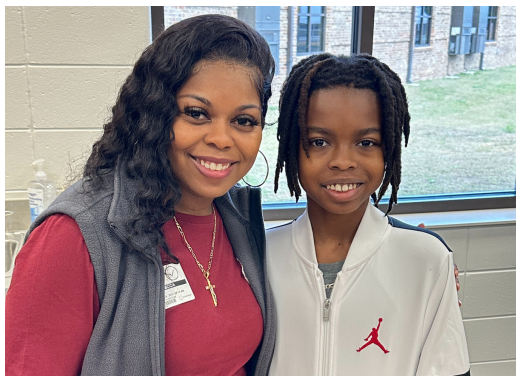

I want to thank you all for your hard work this first semester. I appreciate your willingness to embrace change and do your best daily for our students. As leaders, it's not easy to make decisions that we know many disagree with; however, we must embrace where we are as a district and shine the light on the parts of our work that need adjusting. I know there are pockets of teachers and staff who continue to question the changes we've made this school year. I challenge any of you who disagree with how we do things here in the district to give us one year before you rush to judgement about what is best for our students.

Continue to do your best each day, and I wish you all a Happy Holiday season. Enjoy your time with your family and friends.
