August 16, 2021

Dear Parents,

I am writing today to say “THANK YOU” for your continued flexibility and support as we face the daily challenges of COVID 19. We understand and sympathize with each of you concerning the many challenges that COVID 19 has created for you and your family. Our schools are here to assist you in every way we can while we are in our live virtual learning protocol Pre-K thru 12. If you are experiencing difficulty with your child or children not being successful in completing their daily assignments because of technology or academic program challenges, please contact your child’s principal. I am asking you to call your child’s or children’s school and speak to their Principal to make him/her aware of your individual needs in helping your child or children be more successful each day. We understand that these challenges may be more specific for students in Pre-K thru 2nd grade.

Also, as we move throughout the school week please make sure to contact your child’s school daily to report any new positive COVID 19 case that your child or children may have. This will allow us to evaluate our COVID 19 and quarantine numbers which will help us determine how school will function/operate moving forward.

Please continue to monitor our school webpages, social media sites, All Calls, and Parent Portals for daily updates and changes. Continue to be safe and have a great day!

Sincerely,

Dr. J. Shawn Haralson

Superintendent
